There is also a Robert Sorby 6 piece set (7" blades/11 1/2" overall) Never used, excellent condition. These were purchased years ago. I found the name of 3 of them. Heavy duty scraper, round nose scraper and square end scraper. The other 3: 2 are angled(opposite directions) the other one is square. They are all 1/4" thick.
EDITORS NOTE: from the description I would say these are lathe tools
